**BOTTOM PAINTING – Call for pricing today!**

Single pass abrasion underwater body preparation, rolled or sprayed on anti-fouling paint and all associated material. Bottom painting does not include the removal of excessive marine growth, failing paint, blister work, or driveline cleaning.

\*\*SBM also specializes in racing bottoms, topside painting, and deck painting. Please contact us for details!\*\*

**ANODES**

Replacement bolt-on & weld-on zincs will be changed on an as needed basis at a rate of \$35/zinc for labor, plus the list price for zincs. An additional mobilization for weld-on zincs will be charged at a flat rate of \$134.

**LAYDAYS AND STORAGE**

Layday and storage fees may be charged when (a) No SBM contract or change order work has been approved, (b) Do It Yourself (DIY) work interferes with SBM work, (c) SBM work is completed and DIY work delays launch of vessel, (d) No SBM work is being performed, (e) Owner awaiting insurance claim approval, (f) SBM is awaiting deposits or payment on past due amounts to commence with project.

Drydock Laydays	\$5.00/foot/day
Dockside Laydays	\$3.00/foot/day
Mast Storage on Cart	\$30.00/day
Mast Storage on Rack	\$15.00/day

Please discuss storage needs with your Project Manager prior to arrival. Unscheduled or unapproved laydays may be charged at a minimum of twice the standard rate.
